BETTER

Schools Needed, Writes Mr. Brinton B. Davis.

Endorse the Article Written by Mr. McFerran, And Give Some Excellent Suggestions Along Educational Lines.

EDITOR THE JEFFERSONIAN: I have read with interest and with pleasure articles by Mr. J. B. McFerran on the need of better schools for Jefferson county. I heartily endorse the ideas suggested by Mr. McFerran.

"Build up a school house, and you tear down a jail," is an old saying—that is, in a relative sense. The truth of the assertion is evident, for it is a well-known fact that lack of early training lies at the root of certain classes of crime. It is not necessary, however, to consider education in its relation to crime in order to champion its cause. No sane human being would deny its desirability and importance. The question here, however, is not of the need of education, but of the need of better county schools.

The term "better" schools, as Mr. McFerran uses it, is not primarily the quality of tuition, although the mere material aspects require consideration also. We have been too long of the school children of our farms and villages reared but the mere rudiments of school instruction—just enough, perhaps, to enable them to read and write and add and subtract after a fashion. That is all wrong! Farming—modern farming—is not the simple task it used to be. The modern farmer requires a vast amount of technical information in order to bring out of his soil the best possible crops at a cost that can meet competition and meet it successfully. He must be able to determine the requirements of his soil according to its analysis, and he must keep posted on up-to-date methods. This he can do if his mind has been trained at the point where it begins to form its own deductions from his observations as well as from its accumulated stores of properly digested information. The ability to spell one's name and a few simple figures does not elevate the mind very far above the crude untutored stage.

The county schools can and should be expected to so increase the curriculum as to give the growing brains of the children a fair play—a fair chance to show their capacity. Our county schools—most if not all of them—are sadly deficient. The teachers (it is not the fault but the system) are not themselves sufficiently trained to teach the young ideas how to shoot; and besides, each teacher has far too large a class to handle to be able to give the necessary attention to each individual child. The bright and receptive mind is thus retarded by the dull and heavy ones, and this often results in blunting that native ability which

All of the Popular Girls Greatly Increase Their Votes—Only One Week and Two Days to Close of Contest.

The vote to date follows:
Miss Pearl Rooksby, Anchorage, 12,000
Miss Lila Brooks, Middletown, 10,000
Miss Ruth Hall, St. Matthews, 8,500
Miss Mattie Wetherby, Middletown, 8,000
Miss Mary Hoke, R. 1, Harrods Creek, 7,500

The lovely 87.50 German mesh bag offered in the Jeffersonian's popularity contest in the First Magisterial District, to the young lady turning in the greatest number of subscriptions between August 1st and 16th, was won by Miss Pearl Rooksby, of Anchorage, who secured 12,000 subscriptions. As she is being helped in the contest by Miss Margaret Smart, the latter also deserves credit for winning the handsome purse. Miss Lila Brooks, of Middletown, was a close second, having turned in 23 subscriptions during the same length of time.

August 27, just a little over a week, will mark the close of the contest, and the race is getting warm. Miss Brooks and Miss Rooksby are making a close contest for first prize. Miss Margaret Smart, who is being helped by Miss Pearl Rooksby, is a close third. The contest is being held in the interest of the county, and it is a good thing that the girls are so interested. The prizes are offered for the most popular girl, and it is a good thing that the girls are so interested. I am suffered with severe pains, every month, but now I am greatly improved and will recommend Cardui to all my suffering friends."

Take CARDUI

The Woman's Tonic

The rare medicinal herbs of Cardui are imported by the manufacturers direct from Europe and are not to be found in any other medicine. These ingredients are what give Cardui its superiority, as a female medicine and tonic, over any other medicine. For over 50 years Cardui has been the favorite woman's medicine. The ladies like it, because it is so easy to take, so gentle, so safe, so reliable in its results, and they have faith in its curative tonic powers, because of the thousands of other ladies it has helped. QUITE a great deal of comment has been manifested over the Jefferson County Fiscal Court buying an automobile for the magistrates to inspect the roads. There are eight hundred miles of pike in Jefferson county, and by the purchase of an auto it is figured that thousands of dollars will be saved each year to the county, as a large part of the county is never visited now, while with the machine the magistrates may travel all over the county and inspect the work going on and see that every contract is carried out properly. From the way some things have been brought to light recently it is very necessary that all work be inspected closely. Jefferson county is the best county in the state, and surely there will be few that object to this move of progress, especially when it will save the county money and at the same time permit the magistrates to get around in all sections and see that work on roads, etc., is being done according to contracts.

KNOTTOWN.

Aug. 15.—Mr. and Mrs. Henry Ward and daughter spent Sunday with Mr. and Mrs. J. R. Nutter. Mrs. Carrie Weyer has returned to her home in Louisville after a two weeks' visit with her cousin, Miss Jessie Long. Miss Jessie Long is visiting relatives in Louisville. The well known contractors, R. L. Burkhardt and H. T. Carraway, are busy macadamizing this end of the Bardstown road and are doing a magnificent piece of work. J. R. Nutter, who has charge of the paving of the road, certainly knows his business. We think Jefferson county should be proud of such men as these, who are interested in the building of good roads, and give them plenty of work to do, for there are lots of roads in very bad condition.

CHAPTER XXV. The Letters.

The elopement of Della Vincent caused a great deal of excitement at Fern Glen seminary. Madame Delaney was furious when she found upon her desk two unsealed envelopes; one addressed to herself and the other to John Vincent, Philadelphia. Madame Delaney's note ran as follows:

"Madame Delaney—I know you will be very, very angry when you read this and learn that I have eloped. Blame none of my schoolmates for complicity in the matter, as they are all quite ignorant of my intention. This was written before she had come into Nina's. I alone am responsible for the step which I am about to take, but I do not hesitate a moment, for tonight I am to become the wife of one whom I love dearly, and who, I believe, loves me. I leave upon your desk with this letter addressed to my father. The envelope is unsealed and, if you wish, you may read the contents, then please forward it to my father."

Dear Madame, I thank you for the interest you have shown in my welfare and for the education I have received at your hands. Goodbye, Madame, and I wonder if it is useless to ask you to forgive your wayward little pupil, Della Vincent. After perusing this, Madame pounced upon the other letter, which was as follows: "Dear papa and mamma—I must tell you what I am about to do, though I hardly know how to begin, knowing how grieved you will be. But why should you be grieved when I tell you that I am soon to be married? I know dear father that you will be other people in view for me. I have heard you and mamma talk it over, how after I should have finished school, I should marry your cousin, Captain Leon Danbury. But, papa, although I have never seen that man, I know I could never love him as I do the man whom I am to marry tonight. Dear mother, forgive me for thwarting your plans, for remember, mamma, you married against the wishes of your parents, and I know there is no happier couple in all Philadelphia than you and papa. I again ask you both to forgive me, as I could never be happy away from Walter Lyon, the man who, when I read this letter, will be my husband. I will not tell you to answer this letter, as I shall probably be far out upon the ocean when you receive it. But when I reach home, I will write again and send my address. Do not be angry at all to blame, as she never allows one of us to leave the seminary without a stern rebuke from a teacher, if she could prevent it. But, you know, love laughs at locksmiths."

And now, dear father and mother, I hope you will forgive your willful little daughter, Della. Madame Delaney folded the letter with great precision and returned it to the envelope. It was duly forwarded to Mr. Vincent with one of the letters which she had written expressing her sorrow and regret that such a thing should have happened. The deep sorrow of Mr. and Mrs. Vincent can well be imagined upon learning that their idolized child had left them and gone with an unknown man across the sea. They waited day after day for tidings of their darling. Waited for another letter which should tell them of her destination.

"The girls at the seminary were all in a flutter getting their essays ready for the commencement exercises. The few days following Della's elopement that had been the sole topic of their thoughts and conversation. They wondered what the young man was like. They wondered how she had managed to keep it such a dead secret. "To think," said one, "that Della Vincent, the quietest girl in school, should be capable of doing such a thing." "It is always the quiet ones that are the cleverest," said another: a tall blond who was noted for her flippant manners. The girls gossiped Nina with questions, supposing she knew more than any of the rest, as she and Della had been room-mates. But Nina never betrayed the fact that she had accompanied Della to the gate and had seen her assisted into the carriage by the man whom she intended marrying.

It was but three days until the commencement when Nina received a letter from Della. The cook had been bribed to go to the office every day in quest of letters. Della had promised to write as soon as she reached her destination. Nina scrutinized the envelope closely, expecting to see a foreign postmark upon it, but it was a New York one. She was alone in her room and quickly breaking the seal she stared in amazement at the closely written pages before her. The writing was certainly Della's, but where was the neat precision for which she was noted? The paper was blotched and tear-stained and the writing so irregular that Nina had to pause frequently to make out the words. This was what she read:

"Dear old school-mate—It is with the greatest difficulty I hold the pen to write, for my hand is trembling and my head is in such a whirl that the letters dance before my eyes. How different must be the thing of this letter from the one which I expected to write when I left Fern Glen seminary a happy, guileless girl. But what am I now? O, what am I now! I dare not think of it. Nina, listen to the pitiful story which I am about to write, then see if you can find in your heart some

ply for your erring and once loved school-mate. No, no! I know you will not. I can almost see your proud lips curl in utter scorn. But do not condemn me unheard. Read this letter to the bitter end, though when you have finished you cast it aside and scorn the writer.

When I parted from you that beautiful night nine weeks ago, I was full of joy in the belief that I was soon to become his wife, little did I think I should ever come to this. Nina, instead of being Walter Lyon's wife, I am still—O, heaven! I cannot write it. I believed myself his wife until three days ago, when he came to me and told me that the marriage ceremony was a mere farce; the minister only a drunken brute whose services Larnie Gilman had procured for the occasion. If you remember, Larnie Gilman was the man whom you saw at the gate with Walter Lyon, and who has helped to bring me to this.

"O, Nina, I had only died before entering that carriage which bore me so rapidly along the road to destruction. But it was not to be, it was not to be. I must live on and bear my shame. Although my heart is broken and my life ruined, I shall never take refuge in a coward's death, but will live to tell my tale fit to end my miserable life. I shall hide away in this great city where I have never fringed the waves of entering that carriage which bore me so rapidly along the road to destruction. But it was not to be, it was not to be. I must live on and bear my shame. Although my heart is broken and my life ruined, I shall never take refuge in a coward's death, but will live to tell my tale fit to end my miserable life. CREAMERY

Company in Jeffersontown Makes Complete Change in Officers. J. C. Bruce Elected President.

At a meeting of stockholders of the Jeffersontown Creamery Company last week a complete change was made in the officers and directors. The following directors were elected: J. C. Bruce, Geo. H. Tyler, C. B. Stout, Worden Stout, Jos. H. Funk, J. W. Turner, David McKinley. Mr. J. C. Bruce was elected president, David McKinley secretary and Geo. H. Tyler treasurer. Mr. Smith May was appointed buttermaker in place of Mr. B. E. Bragg. Dr. J. W. Turner has been president of the company for some time and Mr. H. N. Reubelt secretary-treasurer. Under their management the creamery has been very prosperous, having declared an 8 per cent dividend last year after going to a heavy expense in installing new machinery, etc. We are not in a position at this time to predict the future of the creamery, but the new managers are all honorable men and being located in one of the most prosperous sections of Jefferson county the creamery should continue to do well.

ELECTRIC

Road to Shelbyville to Start by August 20th in Time For Shelbyville Fair.

At a consultation Monday between Henry Glover, receiver of the L. & E. railroad, and representatives of the Shelby County Fair Association, an agreement was reached about the location of the platform where passengers to and from the fair will be received and discharged, and Mr. Glover announced the road would be opened for the coming fair—Shelbyville.

The Shelby County Fair will begin on August 24, and it is gratifying to know the new road will be in operation by that time. This electric line passes through one of the best sections of the county, and from the length of it, it should be a large paying investment. It has been announced later that the cars would start next Saturday.

Many New Candidates in Race—Is Your Friend In?

Twenty-Eight Hundred Dollars' Worth of Pianos—Standard 1910 Krause Instruments—To Be Given Away Free.

A large number of Jefferson county's representative young women, lured from retirement by The Jeffersonian, Union Store Co. and Pearce & Coleman's offer of prizes in the shape of ten Standard 1910 Krause Pianos, have consented to run for popularity honors.

These young ladies backed by their friends are now in the field vying with each other in the collection of coupon votes. They all want pianos! As there are only ten prizes the contest between the first honors is liable to grow exceedingly snug before the close.

Nominations from outside districts seem slow in coming in. Wake up, you R. F. D.'s! These pianos are for any young lady living within a radius of 15 miles from the city. When the city candidates want to harvest an extra lot of votes they drive into the country to get them.

Coupon "C," good for 15 votes, appears with this notice. This may be the last opportunity you will have of nominating a new candidate. If you have a young lady in mind who you think would appreciate a standard \$550 piano now is your chance.

Candidates wishing to learn of an easy way to collect votes should call at The Jeffersonian office and ask for particulars regarding their special vote-collecting proposition. The Jeffersonian offers a thousand votes for every dollar turned in on subscriptions and 500 votes for every dollar on job printing. Subscriptions lists giving the name and address of subscribers will be furnished candidates upon application. These lists contain a great number of names whose subscriptions have expired or are about due to expire. Renewing them means easy votes for some one.

Wake up candidates! Can you possibly think of an easier way of obtaining a standard \$550 piano than by going among your friends and soliciting their votes? Every entered candidate has five chances of winning a piano prize. Your friends will help you if you will only signify your willingness to be helped. Get into the field and show them that you are interested. Use the telephone!

Start next door—now! Collect the voting coupons they have been saving for the first candidate who calls; renew their subscription for The Jeffersonian and get an easy 1,000 votes. Then ask them to accept a due bill on Pearce & Coleman or Union Store Co. for general merchandise—just staples that they must buy sooner or later anyway. Every due bill you dispose of means 1,000 votes.
